What is CanAgua & Energy?

The 14th edition of the CanAgua and Energy International Trade Fair will take place from November 27 to 29, 2024 in Infecar. The main **energy** and **water** players on the regional and national scene will meet in a space that seeks to be the reference point in clean energy internationally, facilitating new business opportunities, new generation models, efficiency, desalination, reuse of water, investment, promotion and collaboration within the water and energy binomial.

The fair, which has a marked professional character, will also be open to the general public, understanding the growing interest of the population towards savings solutions in renewable energy.

Learn about the most innovative solutions and news from the exhibiting companies.

Why exhibit?

01

Connect with **new professionals and companies**, as well as build loyalty with current and potential clients.

02

Find new **business alliances** as well as new investors for projects that are related to the characteristics of an archipelago.

03

Know the **degree of positioning** of your products and services with respect to the competition.

04

Because CanAgua y Energía will turn the Canary Islands into an **international reference point** for renewable energy, desalination and water reuse.

Why visit?

01

Learn about the **most innovative solutions** and **news** from the exhibiting companies.

02

Meet with current **suppliers**, meet new ones and find consolidated offers in equipment and technical solutions.

03

Access **specific information** related to the sectors present at the fair.

04

Know first-hand the problems, **challenges and solutions of regions similar to the Canary Islands** (as an archipelago) that can promote the **exchange** of information, collaborations and even trade agreements.

05

Establish and **promote professional relationships**, as well as exchange opinions with experts in the sector.

B2B business meeting space

Business Meetings (B2B) connect exhibitors and visitors through an online platform, with the aim of promoting professional meetings between their participants on the days of the fair.

Its purpose is to make the most of the participation or visit to CanAgua y Energía by being able, in advance, to configure a meeting agenda according to the interests of each participant.

Business Meetings (B2B) are an asset that can also benefit in the long term, establishing new agreements and professional alliances.

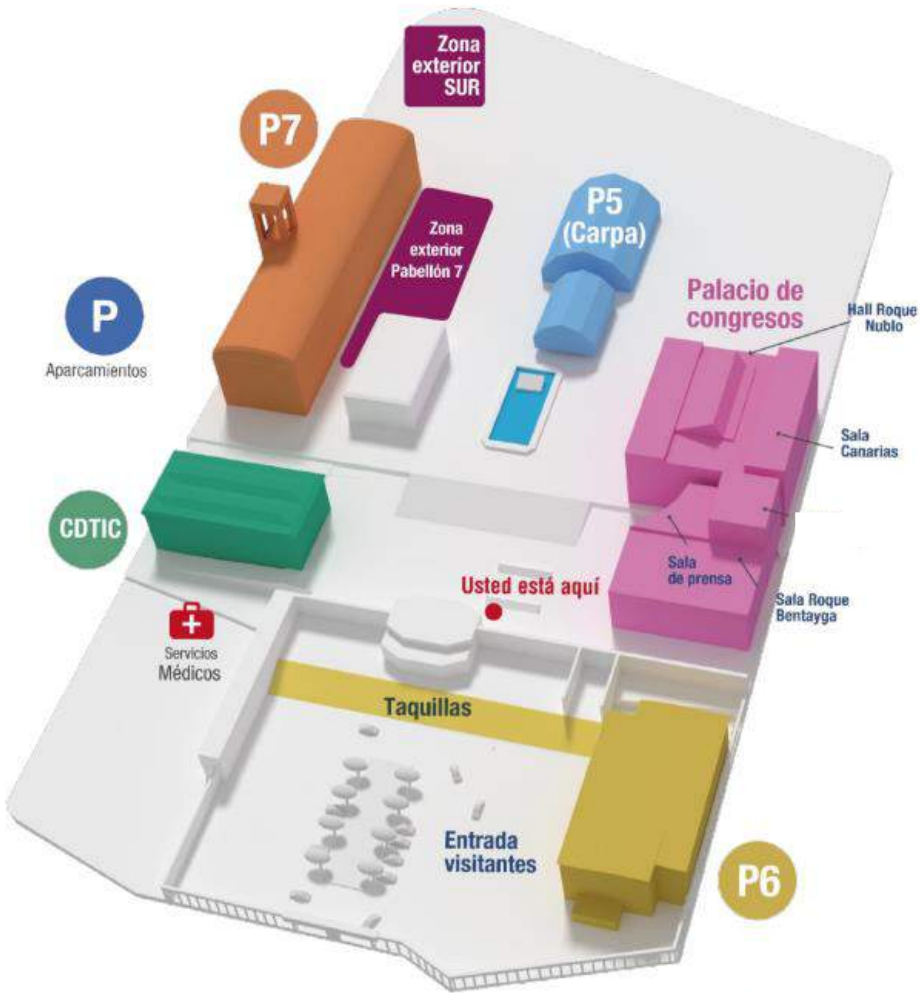

Speakers' Corner

SPEAKERS' CORNER is a space set up within the fair for exhibitors who wish to present their project, product or service to the rest of the exhibitors and professional visitors.

Each exhibitor has the possibility of giving a talk of 12/14 minutes maximum.
