What is CANAGUA Y ENERGÍA?

CANAGUA Y ENERGÍA is the Canary Islands' leading trade fair focused on innovation and the efficient management of water and energy resources. Sponsored by the Cabildo de Gran Canaria and organized by Infecar, Feria de Gran Canaria (Gran Canaria's Fairgrounds), in collaboration with the Gran Canaria Island Energy Council (CIEGC) and the Gran Canaria Island Water Council (CIAGC), the event—now in its 15th edition—has become a must-attend for professionals in the renewable energy and energy efficiency sectors.

This **water and energy fair** serves as a strategic hub, bringing together key regional and national stakeholders under one roof to foster debate and innovation, exchange cutting-edge ideas, and create new business opportunities in water management and green energy.

On this occasion, the **CANAGUA Y ENERGIA Fair** will be held from **21st to 22nd October 2026**, at the **Agüimes Fairgrounds**.

SAVE THE DATE AND JOIN US

OCTOBER	OCTOBER
21 Wednesday	22 Thursday

Our Goals are:

01

To cement the **Canary Islands'** position as a **global sustainability leader** by driving business opportunities and advancing next-generation models for water generation, efficiency, and desalination and/or reuse.

02

To **strengthen** existing professional **networks** while **fostering new synergies** to drive collaborative innovation in water and energy resource management.

03

To emphasise the importance of developing a realistic, resilient and comprehensive model for **energy sustainability, aligned with the 'Ecoisla' framework** and the UN 2030 Agenda Goals.

Fact Sheet

EDITION	15 th edition
FREQUENCY	Biennial
DATES	From 21 to 22 October 2026
OPENING HOURS	Wednesday & Thursday: 10:00 AM – 6:00 PM
VENUE	Agüimes Fairgrounds
TARGET AUDIENCE	Industry Professionals
KEY SECTORS	Renewable Energy, Energy Efficiency & Savings, Desalination, Water Treatment & Reuse, Water Transport & Storage
ADMISSION	Free of charge (Pre-registration required)
PROMOTER	Cabildo de Gran Canaria
ORGANISER	Infecar, Feria de Gran Canaria
PARTNERS	The Gran Canaria Island Energy Council (CIEGC), The Gran Canaria Island Water Council (CIAGC), Cajasiete, the Agüimes Town Council

Why exhibit at CANAGUA Y ENERGÍA?

01 BRAND VISIBILITY

Elevate your brand and solidify your market presence within the renewable energy and water management sectors. Showcase your sustainable solutions in water production, desalination, and reuse, alongside your essential auxiliary services, to a highly targeted audience.

02 KNOWLEDGE EXCHANGE

Join an elite gathering of professionals to exchange insights on the latest industry trends and environmental innovations. Stay at the forefront of the transition towards more efficient water management and circular resource models.

03 NETWORKING

Forge powerful synergies and strengthen commercial alliances to unlock new business opportunities within the water-energy nexus.

Why Visit CANAGUA Y ENERGÍA?

01 INDUSTRY PROFESSIONALS

Connect with **fellow professionals** and gain first-hand insights into the challenges, opportunities and solutions specific to island territories, fostering knowledge exchange, collaboration, and potential commercial partnerships.

02 INNOVATIVE SOLUTIONS

Access the most comprehensive **range of specialized products and services** in one place. Gain a holistic view of the market and discover the cutting-edge innovations that are shaping **a more responsible and sustainable future**.

03 EMERGING TRENDS

Stay ahead of the curve by exploring the **latest trends and content** in water and energy management. Learn directly from **industry experts** about the latest advancements in resource efficiency and sustainable innovation.

Exhibitor Profile

To participate in the fair, companies and public or private organisations must be active in the water, energy or sustainability sectors. Eligible exhibitors include companies specializing in: Generation, Efficiency, Desalination, Reuse Systems, Storage, Engineering, Management, and auxiliary service providers forming part of the sector's value chain.

ENERGY

- Solar
- Wind
- Biomass
- Hydropower
- Cogeneration
- Energy Efficiency & Management
- On-site Generation
- Policy and Regulatory Framework
- Energy Storage

WATER

- Equipment
- Supplies
- Piping, Transport & Storage
- Engineering
- Service Providers
- Irrigation
- Operation & Maintenance
- Facilities

ECO-ISLANDS & ECO-CITIES

- Recycling
- Circular Economy
- Smart and Efficient Buildings
- Smart City Technology
- Sustainable Mobility
- Sustainability
- Local, Regional, and National Administration

CANAGUA Y ENERGIA Conference Room

A Hub for Knowledge Exchange and Professional Training.

The CANAGUA Y ENERGIA Conference Room offers a comprehensive programme of lectures and sessions delivered by industry leaders. By sharing expert insights and the latest market advancements, we provide the essential foundation for driving innovation and research.

Once again, our agenda focuses on the technical solutions and strategic breakthroughs necessary for a successful transition to energy sustainability.

B2B Networking

A Hub for Commercial Dialogue.

Our **B2B Matchmaking** Platform connects exhibitors and visitors through an online interface designed to facilitate professional encounters and unlock high-value business opportunities through the exchange of ideas and industry expertise.

B2B Meetings can be scheduled between exhibitors, or between exhibitors and registered trade visitors.

Register via the management platform at www.canagua.es to view participant profiles and start connecting.

Save time and optimize your visit by pre-scheduling your meeting agenda with key industry professionals.

THE SPEAKER'S CORNER

A Hub for Professional Knowledge Exchange.

The Speaker's Corner is a dedicated space for exhibitors to deliver short presentations on their latest projects, products, and services.

These agile, 15-minute sessions are designed as a dynamic complement to the main conference programme, providing a fast-paced and engaging experience. Sessions run in parallel with the main stage and are subject to availability and event scheduling.

Presentation requests are managed according to the guidelines published on www.canagua.es.

Interested in Exhibiting?

Read on to discover everything you need to know about our exhibition spaces and participation fees.

*For three-phase power requirements, please consult the Organisers.

- Furniture: 1 Table, 2 Chairs, and 1 Counter.
- Exhibitor passes

Stand Design Guidelines

ColourPalette

General Considerations (applicable to both packages):

- Exhibition aisles will be carpeted according to the [event's](#) official colour palette.
We kindly ask exhibitors to consider these brand colours to ensure a clear distinction between visitor walkways and exhibition stands.
- It is strictly prohibited to drill, screw, or nail any elements. Only residue-free, removable double-sided tape is permitted.
- All designs must strictly adhere to the dimensions of the contracted space.
- The maximum permitted height for any construction or decorative element is 2.5m from floor level.

Specific Considerations :

- **SPACE ONLY PACKAGE:** The exhibition space is open-plan. We recommend an open stand design with access from all four sides, offering 360o visibility. The maximum permitted height for any construction or decorative elements is 2.5 metres from floor level. Totem-style elements or masts are permitted up to a maximum of 1m (width) x 2m (height). These must be set back 1 metre from the stand perimeter to avoid obstructing the view of neighbouring stands. Low-level perimeter walls or railings are permitted provided they do not obstruct the view of other stands. The maximum height for these elements is 1m from floor level, and they must not exceed the boundaries of the contracted space. You must submit your design project and assembly requirements for approval by the Organisers **no later than 30 September 2026**.
- **SHELL SCHEME PACKAGE:** Any internal customisation of shell scheme stands involving additional panels, profiles, totems, platforms, or truss systems requires prior approval. Please submit your design project and assembly requirements to the Organisers **by 30 September 2026**.

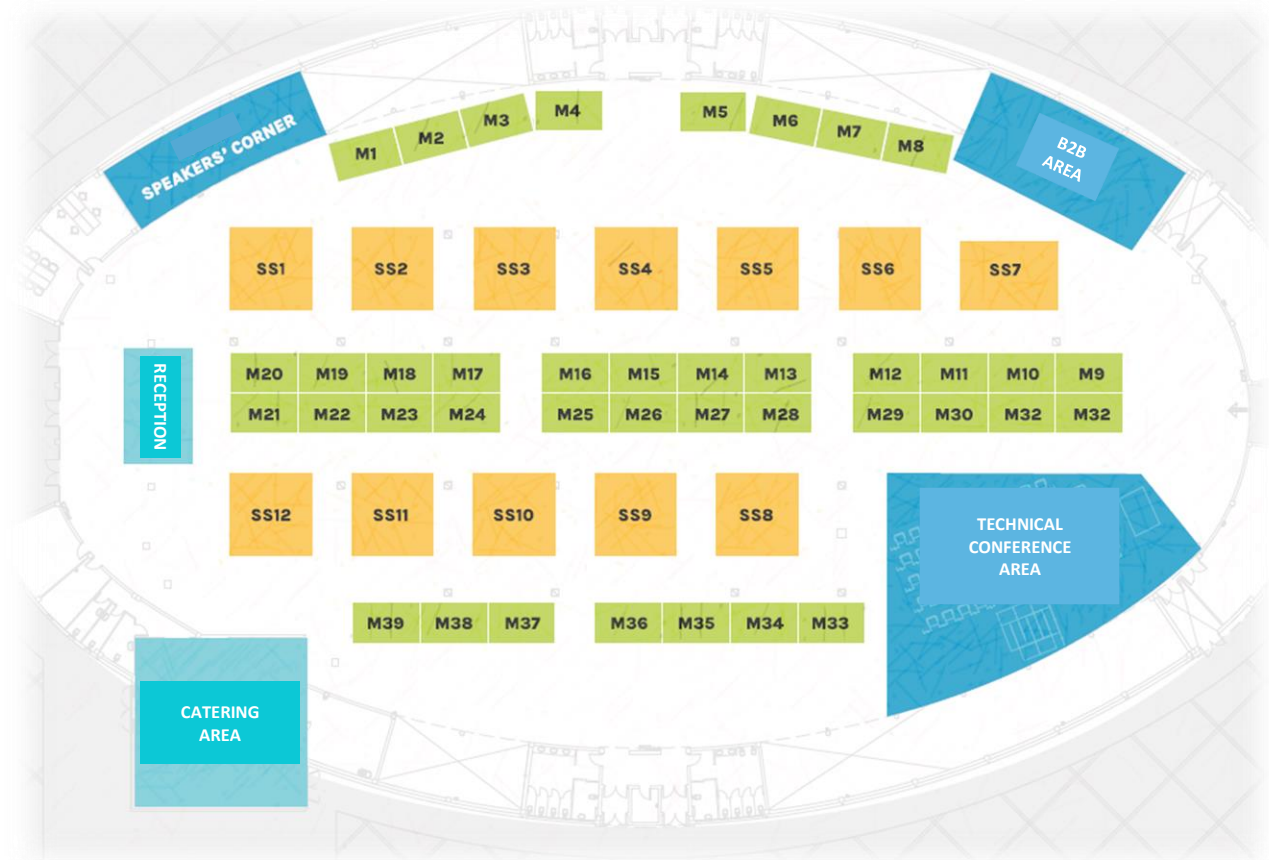

Email address to submit design projects: canagua@infecar.es.

What do I need to know before booking?

Please review the Terms and Conditions of Participation.

Terms and Conditions of Participation

Application Form:

- Please note that submitting a space application form does not guarantee participation in the trade fair.
- Applications must be submitted by completing the Space Reservation Form available on the official event website: <https://canagua.es>
- A space reservation is not considered final until it has been formally accepted and confirmed by the Organisers.
- Exhibition space is limited. Applications will be processed on a strict first-come, first-served basis.
- For organisational reasons, the requested square meterage (m²) may be subject to modification based on overall space availability.
- Once applications are reviewed, the Organisers will contact successful applicants to confirm participation and sign the Exhibitor Contract.
- All participants must comply with the Exhibitor Rules and Regulations, which are available on the [event](#) website.

Method of Payment:

- Payment must be made according to the dates and methods specified in the Exhibitor Contract.
- Once the transfer has been completed, please send the proof of payment (stating the company name) to the following email address: canagua@infecar.es
- All mentioned amounts are subject to the Canary Islands General Indirect Tax (IGIC) at the rate in force at the time of invoicing.
- INFECAR reserve the right to terminate the contract in the event of non-payment.

IMPORTANT NOTICE: By registering, international exhibitors automatically acknowledge and accept the obligation to contact the Chamber of Commerce in their country of origin to arrange an ATA Carnet. This is a mandatory requirement for the temporary importation of goods. Failure to comply with this requirement or to settle the associated mandatory fees entitles INFECAR to retain any exhibited goods and to take any further legal or contractual action deemed appropriate.

General Rules of Participation

By completing the registration process, the Exhibitor acknowledges and confirms their unconditional acceptance of the **General Rules of Participation for Fairs and Events organised by INFECAR, Feria de Gran Canaria**. These rules, together with the clauses of the Exhibitor Contract, shall govern the participation without reservation. Furthermore, the Exhibitor undertakes to comply with all Technical Directives, the Specific Regulations for this edition, and any general or specific provisions established by the Organising Committee. For further information please visit: <https://canagua.es/>.

EXCLUSIVE SERVICES for Fairs and Events organised by INFECAR, Feria de Gran Canaria

We, at INFECAR, Feria de Gran Canaria, work with a select group of Service Providers. These services must be contracted directly by the Exhibitor, subject to the provider's own rates and terms of business. To book these services, please contact the relevant company via email, stating your Company Name and the name of the Trade Fair in which you are participating as Exhibitor.

- Audio-Visual, Sound & Lighting:
Company: Audiovisuales Canarias 2000, SL
rsegura@avcanarias.pro
- Event Staff & Hostessing Services:
Company: Servicios Canarios de Traducciones y Congresos
azafataslpgc@traduccionycongresos.com
- Marquee Supply & Installation:
Company: Loype Eventos
loype@loype.com

IMPORTANT NOTICE: As the event Organiser, Infecar's liability is limited to the following two insurance policies:

- **Material Damage Insurance** (up to €6,000.00)*. This covers all Exhibitors. Coverage for material damage to insured assets is subject to the specific limits, guarantees, and terms of the current policy taken out by INFECAR.

*Should you require additional cover beyond this amount, please contact the Organisers.

- **Public Liability Insurance.** This covers compensation for which the company may be held legally liable, in accordance with applicable law, **for bodily injury or property damage and any consequential losses suffered by third parties**, arising from bodily injury and/or property damage caused to visitors by exhibitors.

We look forward to seeing you soon!
